Professional Summary

Motivated front-end developer with expertise in React, dedicated to creating intuitive, high-performance web applications. Skilled in implementing efficient solutions and staying current with modern web technologies. Seeking opportunities to contribute to innovative projects where creativity and technical skills can drive impactful solutions.

Education

Bachelor of Business Information System | Helwan University | Expected in June 2025

- **Grade:** Excellent
- **GPA:** 3.53

Relevant Experience

Frontend Developer | Spaceout Agency | April 2024 – March 2025

- Built high-performance, responsive websites, optimizing load times by 30% and enhancing user experience for over 10 company clients.
- Successfully launched 3 complete web projects from scratch, delivering fully functional and optimized solutions.

Web Development Intern | Prodigy InfoTech | August 2024 – September 2024

- Gained hands-on experience with front-end technologies (HTML, CSS, JavaScript) while contributing to 4 live projects that focused on improving functionality and performance.
- Successfully completed 4 projects during my training, fulfilling all requirements and earning a letter of recommendation from the company.

Web Design Instructor | Innovation Area | December 2023 – February 2024

- Taught web design fundamentals to 25+ aspiring developers, covering HTML, CSS, and UI/UX principles.
- Guided students through 10+ hands-on projects, helping them build strong foundations from wireframing to implementation.

Extracurricular Activities

Web Development Head | X-Project | October 2023 – August 2024

- Led a team by teaching them web development fundamentals and preparing them to develop a website for the organization.
- Awarded Best Head across the Multimedia Section for exceptional leadership and contributions.

Information Technology Member | SCCI | September 2023 – June 2024

- Collaborated with a team to develop the organization's website and other projects while supporting trainees throughout their training period.

Web Design Delegate | 3DOS | February 2022 – September 2022

- Learned the fundamentals of front-end web development and collaborated with a team on 2 case studies for companies.
